Acupuncture in Pregnancy Course

Course Tutor: Jennie Longbottom Msc MMEd BSc FCSP BMAS

27th March 2014

Venue: PhysioEdge
148-149 Southside Shopping Centre
High Street
Wandsworth
SW18 4TF

Course fee £120.00

This is a one day Acupuncture for the management of musculo-skeletal and mild systemic dysfunction in pregnancy. The course is designed to offer confidence to practitioners who are new to using acupuncture in pregnancy, with attention to safety and effectiveness. The courses utilises a clinical reasoning, evidence based model. The course will introduce traditional Chinese Medicine (TCM) concepts of Qi, Blood and hormonal changes, together with a Western physiological explanation for using effective MSK management in the stages of pregnancy
