Job Specification and Terms & Conditions**

<b>Job Title and Grade</b>	Clinical Specialist Physiotherapist Paediatric Musculoskeletal
<b>Campaign Reference</b>	HR579
<b>Closing Date</b>	5pm on Friday, 10 <sup>th</sup> May 2019
<b>Duration of Post</b>	Permanent Contract
<b>Location of Post</b>	Physiotherapy Department – Children's Health Ireland at Temple Street
<b>Context/ Background</b>	<p>Children's Health Ireland (CHI) is leading on the clinical and operational transformation of acute paediatric healthcare and consists of hospitals at Crumlin, Temple Street and Tallaght. The three children's hospitals and CHI's office transitioned from four separate, independently governed entities into one new single organisation effective on 1st January 2019 to govern and operate paediatric services in Dublin.</p> <p>This new organisation will operate as a single service across the existing locations of Crumlin, Temple Street, Tallaght and the CHI office before transitioning to the new facilities at the two paediatric outpatient and urgent care centres at Connolly and Tallaght Hospitals and the new children's hospital on the campus shared with St James's Hospital.</p> <p>The Minister for Health appointed a new Board in September 2017, initially on an administrative basis to support CHI's Chief Executive and management team in the planning and implementation of the Children's Hospital Programme and to prepare for the transition of services from the existing three children's hospitals under the governance of the legally established Board, which commenced on 1<sup>st</sup> January 2019.</p> <p>Children's Health Ireland Programme is a major programme of work led by CHI, focused on transformative service change to enhance services for children and young people, to integrate the three existing hospitals, while maintaining existing and new services, ensuring patient safety and quality until transition is complete. It will:</p> <ul style="list-style-type: none"> <li>• Operationalise an integrated acute paediatric healthcare network</li> </ul>
