

Hi! Thanks for your interest in working at Bounce Back. I have grown this company from scratch and we are super busy and appreciated in our neighbourhood. If you are interested in building a solid reputation for looking after people by delivering an excellent Physiotherapy service, then let's talk.

Bernie :0)

Job description

Bounce Back is growing and changing. We are currently offering secure employment to an experienced MSK Physiotherapist, either a senior band 5 or band 6. You should be safe and confident with body-wide assessment, treatment planning and execution for common MSK conditions. Acupuncture would be a bonus.

Your contract will include some evening and Saturday working; span of hours is between 9am and 8pm Monday – Thursday and 9-1 on Saturdays. It goes without saying that you are already HCPC and CSP registered (AACP too if applicable). In an ideal world you would be at least 3 years post-grad (for insurance purposes) or very nearly.

You will be personally mentored by the M.D. to become a confident, skilled and appreciated MSK Physiotherapist. We are in a friendly neighbourhood with a really nice mix of referrals from various sources and we are just getting busier.

Full-time hours: 40 per week, Part-time is negotiable

Application deadline: 30/09/2021

Expected start date: 31/10/2021 negotiable

Job Types: Full-time, Part-time, Contract, Permanent

Salary: £25,000.00-£34,000.00 per year pro rata

COVID-19 considerations:

We are a Covid safe practice, please feel free to ask Bernie about this if you are unclear.

Bernadette Gilder

(B.Physio, MSc (Psych), PG Dip (Counselling), PG Cert (Womens Health), HCPC, BACP, CSP, AACP, POGP)

Principle Physiotherapist, Counselling Psychotherapist, Managing Director
