History of the physiotherapy profession and the Chartered Society of Physiotherapy: a bibliography

Introduction

This bibliography has been compiled by the CSP Library and Information Service to assist those with an interest:

- the history of the Chartered Society of Physiotherapy (and previous incarnations)
- the general history of physiotherapy as a profession
- the history of physiotherapy education
- the history of physiotherapy in the NHS
- the history of physiotherapy techniques or specialisms
- the history of the development of physiotherapy professions in other countries

This is by no means an exhaustive list, it represents items that the CSP Library and Information Service hold or have identified but is only the tip of the iceberg.

If you have any recommendations for the list please email these to lis@csp.org.uk - please include full bibliographic details of the book, book chapter, or journal article so we can represent this correctly in any future editions of this information paper.

Hypertext links have been added where available. These may be:

- directly to the full text
- indirectly to the Cinahl Plus bibliographic databases available to CSP members
- indirectly to the journal 'Physiotherapy' which has full text for CSP members from 1980.
- where links are to the CSP online library catalogue this indicates that we hold a copy which may be available for loan to CSP members or may be viewed in the Learning Resource Centre

- links to journals in the online library catalogue which are not available in full text may be requested by as photocopies. <http://www.csp.org.uk/professional-union/library/copying>. Charges apply.
