Dear member

Thank you for downloading the nomination pack for the Distinguished Service Award of the Chartered Society of Physiotherapy.

Nominations for Distinguished Service Award will be considered for full or Associate members of the Chartered Society of Physiotherapy, or for past or present staff of the Society. Nominators must be **Fellows, Members or Associate members** of the Chartered Society of Physiotherapy.

Included in this pack is a nomination form, a pro forma statement of support, plus information on the purpose of the award and guidance on what to include in a nomination, to assist you and your fellow nominators.

Please complete the statements of support with care, as it is based upon the information provided, plus the nominee's CV, that a recommendation for Distinguished Service Award may be made.

Nominations for 2021 closed in July, as successful nominees are presented their award at the CSP Annual General meeting in November.

The Professional Awards Panel meets at least twice a year; usually in January, March and August. For a nomination to be considered, the complete set of documentation must be received by the Society **at least 4 weeks in advance** of these dates.

The next panel meeting will most likely be in the beginning of 2022. This is yet to be confirmed, however we encourage nominators to submit their nominations **by 1<sup>st</sup> December 2021** to be considered at the first panel meeting in 2022. Should the panel receive any nominations after this date, the submission will be considered at the next panel meeting later in 2022.

The new deadlines of 2022 will be posted on the Professional Awards website, so please keep an eye out for this: <https://www.csp.org.uk/about-csp/how-we-work/awards>

If you have any queries, please do not hesitate to contact me.

Yours sincerely,

Trine Lyngsholm  
Admin Officer, CSP Professional Awards Panel

## PROCEDURE FOR NOMINATION

A nomination should be made by **three** Fellows, Members or Associate members of the Chartered Society. It should be accompanied by a relevant Curriculum Vitae of the candidate, together with a supporting statement by each nominator.

All applications are reviewed against set criteria by the CSP Professional Awards Committee (PAC), who advise Council of their recommendation.

## INSTRUCTIONS TO NOMINATORS

**Please submit all documentation in electronic format (word document) signed by all three nominators.** A hard copy of the nomination form, physically signed by all three nominators, should also be sent to the Professional Awards Committee Administrator.

### Nomination Form

Please ensure that the nomination form includes the names, full personal details and membership numbers of all three nominators - failure to do so may delay consideration of the award by the Panel. *(Please only use the nominee's name where it states, 'nominee name' and add XX instead of the nominee name throughout the nomination form incl. in supporting statements, biography, CV etc.).*

### Curriculum Vitae

The Curriculum Vitae should be relevant to the category/categories for which the nomination for a Distinguished Service Award is being made.

It should include information on positions held, together with details of any publications, lectures, representative activity etc as appropriate. **Clear and accurate dates** should be specified, as this evidence will be used to judge the validity and continuity of long service. If a curriculum vitae is unavailable, a summary career history compiled by the nominators may be substituted provided that it is clearly identified as such.

### Supporting statements

The statements should set out the outcomes / results of the nominee's service.

They are an important aspect of the nomination process, and provide the evidence used to judge the validity of the nomination and the worth of the nominee for the award.

***The assumption should be made that the members of the Professional Awards Committee have no previous knowledge of the nominee.***

Each statement is limited to 250 words and should be submitted on the relevant form, a copy of which is included in this pack.

As each application is considered on the basis of the statement information provided, supported by the curriculum vitae, the principal nominator is advised to ensure that, between them, the supporting statements cover all aspects of the nominee's contribution to the profession.

Each statement should highlight different aspects of the nominee's contribution in order to produce a fuller picture demonstrating the worth of the application.

### Confidentiality

Return the completed forms to:  
Professional Awards Committee Administrator, CSP, 14 Bedford Row,  
London WC1R 4ED Email [professionalawards@csp.org.uk](mailto:professionalawards@csp.org.uk)

Confidentiality will be maintained by the Professional Awards Committee until any decision has been ratified by Council.

### **SUGGESTED CONTENT FOR A NOMINATION FOR A CSP PROFESSIONAL AWARD**

It is essential that the nomination demonstrates evidence of the **validity** of the claim for excellent/ outstanding service in any category which is identified as relevant, plus evidence of the **continuity** of the nominee's service.

The following are suggested as possible aspects of the nominee's service which might be considered for inclusion:

#### **Background and context**

An overview of the individual's profile and standing and why the nomination is being made. Nominators should highlight the area of their contribution, for example; management, service delivery, research, education, clinical practice, trade union work etc.

#### **Breakdown of nominee's contributions**

It is helpful if in their supporting statement each nominator highlights either different contributions that the individual has made, or different aspects of these contributions, to provide a full picture of their service.

#### **Historical overview of involvement**

Nominators should give examples of the nominee's contributions over specific periods of time in relation to their role and the context of their role, in order to demonstrate the minimum ten years' service.

#### **Influence of the nominee**

It is also important to include information on the impact of the individual's role; for example, on the profession, on the public, on colleagues, on the research base of the profession etc.

#### **CV or career history**

It is important to obtain as full a CV as possible for the individual nominee. This should include, if possible:

- Employment/work history
- Professional experience
- Professional activities
- CPD activities
- Lectures and presentations given
- Publications
- Committee work

- Development of theories and evaluation of practice
